Business:

The purpose of the meeting was to adopt the budget approved at the Budget Meeting on 5/21/2026. Since that time a clerical error was discovered relating to the FEMA grant. Goter presented the updated LB-30 (General Fund Requirements) with the correct amounts for Capital Outlay/Fire Equipment of \$147,000 and relevant totals, and the updated LB-20 (General Fund Resources) with the correct amounts for Grants of \$161,700 and relevant totals.

Goter then read the Budget Resolutions for FY 2025-2026 in its entirety, and made a **motion** to approve the resolutions, seconded by Rubin; unanimously approved.
